Scripture Text: Isaiah 43:1&2 MSG

SUBJECT: "Caught Between A Rock And A Hard Place"

INTRODUCTION: A commonly uttered phrase by preachers/pastors or might I say a common Church saying is as it relates to believers and storms is you are either going in; in the middle; or coming out of a storm.

Although we have that blessed assurance that God will be with us in the time of storm, that assurance does not make us weatherproof.

Believers are not immune from the storms.
